Hi all,
You probably already did this before but this property owner really needs to hire security guards. I can't believe the amount he emails requests to LAPD. Other locations hire guards that can do a good job of keeping people off the sidewalks. Unlike the Buddist Temple, he probably has the money to hire 24 hour guards. I will send him an email but wanted to double check with you all first.
Thanks,

hello team, thanks for all of your help this monday. unfortunately, two of the camps promised to move, even started to move, but then never did. we aren't working again until next monday, can you please help us with these two camps. they are located at 426 towne ave and 441 towne and are both 100% blocking ADA path of travel, attached to our construction fencing, obstructing our public works permitted construction work, etc..

also, we will begin working on stanford next week. there are several camps 100% blocking ADA path of travel, attached to our construction fencing, obstructing our public works permitted construction work, etc.. along the west side of stanford between 4th and 5th streets. can you please help us with them too? please see our attached landscaping map, to see which sections are an issue. the camps at 421 and 435 stanford are the most problematic.

Subject: Re: 443 to 411 towne ave ADA obstacle

thank you for your reply captain reina. i've copied district attorney, mayor and CD14 CCEBID offices in here. for the record, i've also BCC'd all of our neighbors including over 20 property owners and hundreds of tenants and employees.

i know this is a complicated issue for all of us. but in a group effort to restore pride of ownership, here is what our North Sea Neighborhood is accomplishing over the next 6 weeks:

1. finish repair/maintenance/paint on exterior of our buildings.
2. finish cut/remove/repair portions of sidewalks (approx. 2,500 linear feet)
3. landscape said portions of sidewalks

once we have completed our self-funded neighborhood beautification project, we intend to maintain our landscaping on a daily basis. this program includes keeping planters litter free, watered and pruned plus keeping our sidewalks swept, powerwashed and litter free.

we are an active community of residents and businesses who need to use our sidewalks on a minute by minute basis. so, our single most important goal is to have clear and ample ADA/pedestrian path of travel throughout our neighborhood. this is essential to public safety. our property owners, tenants, clients, vendors and guests can not be forced to walk down our streets risking bodily harm from oncoming traffic because sidewalks are 100% blocked by encampments.

because of our proximity to dense encampments along 5th street, we clearly need ongoing assistance from LAPD, sanitation department, and central city east BID on a daily basis. i'm sorry to have to lean on all of you and really wish i could do this on my own.

my proposal to LAPD:

i hope this doesn't sound presumptuous, but after studying our situation over the past 30 months i believe the most efficient and humane way to educate camps not to 100% block ADA/pedestrian path of travel (including entrances and driveways) is to report them within minutes of observing them starting to set up. I and my North Sea Neighbors can do this. we can notify CCEBID and LAPD by phone. and then if we could simply (sorry i know it may not be simple) have the next officer who drives by (LAPD drives our streets continuously 24/7 already) pullover to explain that path of travel must not be blocked, then that camper will be able to much more conveniently look for a more appropriate campsite elsewhere. the reason this is more humane is because the longer a camper is allowed to set up camp in an inappropriate location, the larger their camp becomes and the more territorial they get; so, that being asked to move later becomes a much more difficult ordeal for them.

thank you for your consideration. i welcome any meetings any of you would like to have asap to come up with an effective procedure for the North Sea Neighborhood.

Mr. Nelson,

Yesterday, I asked my officers who are assigned to the Skid Row area to respond to your location to address the issues you cited in your previous email.

Please keep in mind that there are hundreds of tents and encampments throughout Skid Row, in conjunction with the dozens of complainants we receive weekly, that my division must try to address through law enforcement means on a daily basis. Unfortunately, based on current court cases, injunctions and code, we are limited to what we can enforce.

I agree with Gita that the Sanitation Department could assist by providing cleanups at your location. In addition, there are many social service groups in Skid Row that could also assist. CD 14 reps should be able to assist with putting you in contact with them.

You may also want to reach out to Alisa Orduna with the Mayor's Office who may be able to assist.

tonight is especially important because our clients, vendors and guests will otherwise be forced to risk being hit by oncoming vehicles as they walk in the street due to the fact that these camps are 100% blocking ADA/pedestrian use of towne avenue sidewalks.

hello team. thank your for sending officers yesterday to address our ADA/pedestrian path of travel issues. unfortunately, these camps only pretended to move and once you were gone, came back. it appears that some were left abandoned though? and one moved around the corner to 522 east 4th street and is now blocking an active entrance. please see attached pictures from 7am this morning.

we will begin demolishing and removing portions of these sidewalks monday morning, and really need your assistance with these 5 or six camps. it is physically impossible for our team to work with the camps there. please advise.

by the way, i have yet to receive a phone call or email from any of you. would be helpful to at least be able to have a conversation about this?

hello LAPD, CD14, and Central City East BID . sorry to be such a pest, but i have yet to get a single response in over two weeks from anyone on this issue. our grand opening is tonight. the aforementioned encampments along towne ave grew over the long thanksgiving weekend. we will be demolishing portions of these sidewalks next week for neighborhood beautification. but please, please ask these campers this morning to move to a section of sidewalk clear of construction fencing and with ample space for ADA access.

tonight is especially important because our clients, vendors and guests will otherwise be forced to risk being hit by oncoming vehicles as they walk in the street due to the fact that these camps are 100% blocking ADA/pedestrian use of towne avenue sidewalks.

please see attached photos. showing west and east side of towne avenue between 4th and 5th streets with the following infractions:

1. 100% blocking ADA (and pedestrian) path of travel.
2. construction obstruction
3. attached to fencing
4. over 60 gallons (way over)
5. tent not packed flat during daytime
6. less than 10 feet from driveway and active entrances (some totally blocking driveways)

Subject: Reset and OHS/SAN

Hi all,
I met today with Jessica Lall, Marie Rumsey, and Tinah Oh from CCA. They met with our office asking for ways to decrease the criminal activity on the streets and in the tents in Skid Row. I suggested that we all meet with you all so you could describe what the ideal set up would be for Reset as described by Lt. Duke (a small Sanitation team assigned and deployed by RESET). They were very interested in learning more about this model and also, if they like what the hear, advocating for it. Marie Rumsey worked for Jan Perry years back so remembers when the Safe Cities Initiative worked really well in Skid Row. They are meeting with the Mayor and Chief Beck in a week or so as well.

I know Sanitation promised to send OHS workers to you after they were done every day but I wasn't sure that was happening since the Sanitation workers are also being pulled to El Pueblo.

If you do want to meet, please let me know some dates and times you are free the week of November 27th.

Thanks,
Gita

Thank you Howard!

I am including Lt. Duke and Sgt. Walker for the LAPD response.
Lt. I believe per the property owner that the encampment has grown over the weekend but everyone is blocking the sidewalk completely and the property owner cannot effecuate his BOE permit.

The location is the west side of towne avenue between 4th and 5th streets.
Thank you!

Please provide an address on Towne Ave. where the fencing is being removed.

Is LAPD aware of the situation. Provide contact information for LAPD who will be handling the citations.

If needed, we will post the area for clean-up this week. Sanitation will need to confirm an active Authorization or generate an Emergency Authorization for this area to be cleaned.

Hi all,
I think you also have probably received this information as well but Miguel Nelson on Town Avenue in Skid Row (in the Mitchell Injunction area I believe) is looking to use his BOE issued permit to remove fencing. There is an encampment blocking the entire sidewalk and they people are refusing to move.

LAPD can issue citations for blocking but cannot remove the arrestee's items as you know. Is there any chance a Sanitation team can meet LAPD at the location? Mr. Nelson is set to start work Monday morning (but not sure if you all have time after OHS, etc.).
Thanks,
Gita

Perhaps it would be helpful to meet with with the Mayor's office on this again once Alisa Orduna gets all of the details nailed down so everyone is on the same page. It is the first center they are trying so they are piloting new ideas. If it is successful, I am sure the City will look to replicate this in other areas as well.

good morning sgt walker. sorry to bother you with this, but an encampement went up yesterday that is obstructing our neighborhood beautification program along the west side of towne avenue between 4th and 5th streets. as you know, BOE has issued our APermit to cut open and remove portions of our sidewalks for extensive landscaping. we were planning on working there this morning, but cannot risk damaging this brand new campsite.

can you please send your team to relocate this camp to another block away from our neighborhood beautification fences? we would very much like to begin on monday morning at 7am if the coast is clear.

see attached photo of camp. not only is it obstructing construction, it is also 100% blocking ADA path of travel. gita, can you please advise sgt walker?

Thank you for participating in last Thursday's CENTCOM meeting with the Mayor. In addition to the thoughtful discussion and analysis, there were several concrete commitments made that will help us move quickly to improve outcomes for people living on the streets in the El Pueblo area.

As was discussed, a key component of the CENTCOM framework is accountability, follow through, and follow up. Below and attached please find our brief restatement of the commitments and action items that were agreed to during CENTCOM. **Please add to or revise your respective commitments by COB on Thursday, October 5th**. If we do not hear from you by then, we will assume that our restatement is accurate and will hold you to that.

We have separated the follow-up action items into three categories based on the timeline for implementation: **immediate**, **near-term**, and **long-term**, with a primary focus on the immediate and near-term commitments. We are also working to develop an online form that your individual departments will be expected to keep updated so that we can track our progress.

Please feel free to contact me anytime, by phone or email, with questions.

Thanks so much.

Commander,

Back in April 2017, I was contacted by Rachel Barbosa and Antonio Chapa from County Supervisor Hilda Solis' office regarding reconvening the La Plaza Homeless Task Force to address homeless issue in and around the El Pueblo and Olvera Street areas of Central Division. Apparently, this was a robust task force a few years ago.

Since being contacted, I, along with other RESET and Westside Detail supervisors, have attended each monthly meeting. Also in attendance are representatives from the County Supervisor's Office, Councilman Huizar's office, LAHSA, Chinatown BID, El Pueblo District, Veterans Affairs and other social service providers.

Subject: Updated schedule for NPP

Captain Reina,

Thanks to the great work of Robert Davis, my computer is now set up in the downstairs detectives. Now I will work with IT to make sure all my needed applications and programs are installed so I can work effectively from there.

Starting next week, I will be transitioning most of my work to LAPD Central. Here is my tentative updated schedule.

Monday through Wednesday and Every other Thursday
8:00 -10:00 City Hall East: Filing cases and Discovery
10:00 - 16:00 LAPD Central

Thursdays will be the same except for every other Thursday when I will be staffing courts as part of my NPP rotation.

Fridays
0600 to 1400 LAPD Central RESET foot beats

On Fridays starting next week I will be joining the RESET foot beats to develop first hand knowledge of the area with the hopes of directing city resources to resolve the issues that I can.

Occasionally, I will have off site meetings, NPP staff meetings, and trial work which may temporarily interfere with the schedule, but I'll do my best to maintain it.

Thank your for your patience and understanding.

Kurt

Thanks for sending. In the last meeting (the only meeting I had) with Chris Espinoza, he kept saying the Sheriffs were helping in the plaza. I kept saying- you mean LAPD or the sheriffs and he kept saying the sheriffs. I think he was confused. I will follow up and see if there are any filings we can do, etc.
Someone else (not law enforcement) mentioned that the same style of victimization of the homeless in Skid Row is going on around El Pueblo too.

Commander,

Back in April 2017, I was contacted by Rachel Barbosa and Antonio Chapa from County Supervisor Hilda Solis' office regarding reconvening the La Plaza Homeless Task Force to address homeless issue in and around the El Pueblo and Olvera Street areas of Central Division. Apparently, this was a robust task force a few years ago.

Since being contacted, I, along with other RESET and Westside Detail supervisors, have attended each monthly meeting. Also in attendance are representatives from the County Supervisor's Office, Councilman Huizar's office, LAHSA, Chinatown BID, El Pueblo District, Veterans Affairs and other social service providers.

Captain Reina and Captain Harrelson,

Wanted to provide you an update on the encampment at 718 S. Hill. This encampment led to complaints due to the the drugs, degradation, and garbage which impacted businesses including those who receive deliveries and those who attempt to operate restaurants free of the vermin attributable to the encampment. Using her expert persuasiveness, Officer Linton was able to clear it without the need of a formalized cleanup. These efforts are much appreciated by the people who live and work in the area and by our office.

Captain Reina,

I'll be at a law enforcement conference in Phoenix next week Monday through Thursday (8/21-8/24). You mentioned that you have a computer stashed away. Perhaps we could get it set up in Detectives for when I return on 8/25. Alternatively, Gus Plascencia from our office says that we have a pc but that they have to "image" it for the LAPD network. In the previous email, Gus said it was at a "stand still" right now. If there were a way to facilitate that, then that would be an option as well.

A quick update:

Captain Reina,

Here is a positive editorial on the work LAPD and our office have done with regards two recent nuisance offenders in DTLA: The downtown predator and the oil dancer.

Do you want to go forward and get the issues out there (Alisa is coming from the Mayor's office so that is good) and then have his team report to Adel or move the meeting to when Adel returns. He said he could do it on this date so not sure if he had last minute plans....

Captain Reina,

I've met with my Ayelet regarding the adjustment of my day-to-day tasks. Going forward, it will be my goal to spend at least half my day or more at Central Division. Yesterday, I met with Sgt. Flanagan regarding a work station. Given space restrictions in the SLO office, we found a desk I can share with a PM Detective.

Hi all,
Captain Reina, Lt. Duke and I were discussing some of the issues around Skid Row. We had been previously trying to schedule a meeting with you all but we all got swamped with other issues.

We think it would be great to all meet to discuss.

Does Wednesday, June 21st at 10 am work for everyone? We could meet at Central Division.
